

## PCARS EMERGENCY NET ROLL CALL (MELBOURNE REGION)

Net Control Operators should deliver the preamble in a calm unhurried well-enunciated voice to provide an example of the way that messages and communications should be delivered in an actual emergency. The example set by the net control operator is of great importance is avoiding any suggestion of urgency or panic.

CQ the Melbourne Region Emergency Net **(repeat three times)**  
This net is a directed net. Please follow the instructions of net control.

This is the Melbourne Region Emergency Net sponsored by the Platinum Coast Amateur Radio Society in cooperation with the Harris ARC who encourage, all Radio Amateurs to join this net.

Your net control station this evening is **(Call Sign)** \_\_\_\_\_, my Name is \_\_\_\_\_ and I am located in \_\_\_\_\_.  
There will be no QSO's or phone patch use for the duration of this net, except for emergencies.

Is there any emergency or priority traffic at this time? **(pause)**

If you have traffic, please advise when checking in. Please give your call sign phonetically. Name and QTH not required. **(pause)**

I will now take check-ins with suffixes Alpha thru Foxtrot. **(pause)**

I will now take check-ins with suffixes Golf thru Mike. **(pause)**

I will now take check-ins with suffixes November thru Sierra. **(pause)**

I will now take check-ins with suffixes Tango thru Zulu. **(pause)**

Are there any other check-ins throughout the Alphabet. **(pause)**

I will now take traffic from the following stations.

**(Call them one at a time and record their traffic and acknowledge.)**

**(Any Melbourne news or information of interest provided by the EC can be sent at this time.)**

Are there any late check-ins for the net? **(pause)**

This is **(Call Sign)** \_\_\_\_\_ you net control station this evening. This net meets every Thursday at 1900 hours local time on 146.61 or 146.85 in case of repeater failure or 146.580 simplex in the event of a double repeater failure.

This net is sponsored by the Platinum Amateur Radio Society and would like to thank all Radio Amateurs for their participation. This is \_\_\_\_\_, net control, returning the frequency back to informal traffic and general Amateur use at **(Local Time)**. Good Evening,
